

Keys Gate Charter School K-2 Summer Learning Activities

Parents,

Did you know?

- All young people experience learning losses when they do not engage in educational activities during the summer. Research spanning 100 years shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer (White, 1906; Heyns, 1978; Entwisle & Alexander 1992; Cooper, 1996; Downey et al, 2004).
- Most students lose about two months of grade level equivalency in mathematical computation skills over the summer months. (Cooper, 1996).

To help our students maintain and enhance the knowledge of the academic standards they learned this year, we would like to share with you some summer learning activities:

- Attached please find the summer reading lists for kindergarten through third grade along with some activities you can do with your child. These books are available at local libraries.
- **Summer i-Ready Challenge (June 13 – August 14)**
 - Students will be asked to complete two i-Ready lessons per subject weekly for the 9 weeks. **All students who meet the requirements will earn 4 volunteer hours for their families.**
- The Scholastic Reading Challenge began on May 9th. You can visit <http://www.scholastic.com/ups/campaigns/src-2016> to sign up. Students can unlock stories and earn rewards. They can also enter for a chance to win books.
- Barnes and Noble is also doing a summer reading triathlon. Please see the information attached. The journals can be turned in to a Barnes and Noble store between May 17th and September 6th.
- Here are some websites that can be used to practice reading and math skills:
 - <https://xtramath.org/#/home/index>
 - <http://www.k12reader.com/common-core-standard/ccss/>
 - <http://www.abcya.com/>
 - <https://www.ixl.com/>
- We also included the addition, subtraction, and multiplication facts for students to review.
Multiplication is for 2nd grade Students can make flashcards and should practice the facts for fluency.

We hope that you have a wonderful summer and look forward to seeing you again in August!

The collection of grade-appropriate activities below may be used to enhance the summer reading experience for students. The activities are reflective of different learning styles and several of them focus on high-order tasks as required by Language Arts Florida Standards. Schools may use the following activities as listed or may modify them to meet specific student learning styles. The length of the assignment and the amount of time that will be required to complete it should be considered when making summer reading assignments.

- Keep a reading log/journal of the books you have read. Include the title(s), a one-sentence summary of each, and write two or three new words you have learned from your reading.
- After reading a book select the 5 most important words in the book, and explain why these words are important to the main idea(s) or information presented.
- Using an index card summarize the book you have read on one side, and on the other side write to explain why you would recommend this book to a friend to read. Use evidence from the text to support your answer.
- Draw a picture of your favorite page. Explain in writing why this page is your favorite. Use evidence from the text to support your answer.
- Draw a map of the book's setting. Explain the setting in two or three sentences below the picture.
- Make a picture timeline of all the events in the book, labeling each of the events to provide facts, definitions, or important points taking place.
- Make a poster about the book using one or two of the following media: finger-paint, water colors, crayons, chalk, real materials. Write an explanation of your poster.
- Rewrite the story, event or concept in a picture book form.
- Create a puppet, finger puppet or draw a portrait about your favorite character. Write a sentence or two of what your character would say to the author.
- Using a shoe box, create a diorama (three-dimensional scene which includes models of people, building, plants, and animals) of an important even in the book. Write a narrative recounting the event.
- Make up another beginning and ending for the story or event presented in your book. Include pictures/drawings.
- Cut out magazine pictures to make a collage or poster illustrating the central idea or theme of the book. Add descriptive words to convey the central idea or theme of the book.
- Make a mobile showing words, pictures or symbols of ideas, events or information presented in the book.
- Draw a picture postcard to a friend giving reasons why they should or should not read the book.

FOLD ALONG DOTTED LINE

Dear Reader,

Reading is like a sport in at least one way: developing the skill to do it well takes practice and commitment. To help you to stay in reading shape all summer long, the Barnes & Noble Summer Reading Triathlon has been designed with activities and challenges that you'll find fun no matter what kind of books you like to read. Best of all, to earn a FREE book all you need to do is follow these three easy steps:

1. Answer 3 of the 4 questions on the back of this Summer Reading Triathlon Journal.
2. Bring your completed journal to a Barnes & Noble store between May 17 and September 6, 2016.
3. Choose your FREE book from the list featured on the back of this journal.

This Summer Reading Triathlon Reading Journal belongs to:

The Summer Reading Program offer entitles customer to one (1) complimentary book listed in the Summer Reading Program Journal. This offer is only valid at participating Barnes & Noble retail stores and may be redeemed once per customer from May 17, 2018 through September 6, 2018 at close of business, while supplies last. In order to take advantage of this offer, customers must return a completed Summer Reading Journal to a Barnes & Noble store between May 17, 2018 and September 6, 2018, at close of business; completing multiple Reading Journals does not entitle customer to more than 1 free book. There is no guarantee your book of choice will be available. Returns of books provided pursuant to this offer will not be eligible for credit of any type. This offer is (i) not redeemable for cash or cash equivalents (including Gift Cards or eGift Cards); (ii) not valid on past or pre-ordered purchases; (iii) not eligible for any purchases or services other than those listed in the Summer Reading Program Journal; and (iv) not valid at BNL.com or Barnes & Noble.org. Barnes & Noble is subject to change or discontinuation without notice. How long we will honor all completed Reading Journals submitted to a Barnes & Noble store in order to such is subject to change or discontinuation. This offer may not be combined with any other coupon or discount. Void where prohibited by law.
